READ ON BATO.TO WITH MUSIC

The teaser/trailer chapter originally comes with epic music

I am the type who likes to read with music. If I don't, I'll feel like I'm missing out. The music in this page enhancing some of the reading experience for me. It's not pain-in-the -ass or epic chapter with a hectyclick bunch of font changes or w changes/text stretching.

I know Tapastic has worked on the, but they haven't done anything in the past 2/months on this, and currently the English version is about 3 months behind. Additionally since the e is loosely trailer for the new trace episode, I see no issues with spreading the love and getting people hyped for the episode. I'm not sure if I'm willing to continue to do translations for the subsequent chapters, but I will continue translating them on my site and batoto

-INTRO-

And the people I want to see~
I can't even see them as I please~
Hic~.
Stop Drinking.
You know that you get even worse at controlling yourself when you drink.

Why the hell is he leaving his stubbornness to me...

What a shitty feeling... Kiiik...

There're two people inside you.

Clearly the more you try to separate them, the harder it is on yourself.

Just admit it and accept it now.

Damn..

Damn.....

Damn...!

And...

The fragment of the gatekeeper you told me to find, I found it rummaging along the Han River, but...

Strangely, it's smaller than what you had described...

Pulling

...huh?

What...

What the..!

W... Wait...

That fragment...

That's not the fragment I was talking about.

Whoosssh...

PERHAPS...

WHAT ARE YOU TALKING ABOUT? WHAT IS THAT!
WHOOOSHHH...

MESSED UP WITH HIM...
RATHUMP...!
WE'RE GONNA...
DIE.
Go a little slower, Honey.
Dad, wait up~
Run properly! You said you wanted to lose weight!
Kyaha! I'm so happy because you, my son~
Mm! Yeah~
Dad will buy some chicken for you!
Oppa~, don't be wandering off and just head in!
I know, I know!
Don't worry and call me when you get home!

Yeokgok Station, please!

Yes, sir. Understood.

Waaaaaaahhh~ I don't want to go out!

If you don't listen to Mommy, Trouble are going to snatch you away.

It's a pleasure! Sir!*

*lit. "Thank you for the occasion from another company."

Hahaha. The pleasure is mine! We finally meet.

Hey! Look at this! Punch Rabbit is badass! Totally cute!

Isn't that photoshopped?

I'll see you tomorrow.

Hello? Hey, it's me! Where are you?

Hahaha! Got it!

That's why I said I was buying.

Forget your wife! Let's go for round 2 drinks! Round 2!*

*Korean: 2차 (2cha) or 이차 (icha) round 2 could mean sex! Usually it refers to a cheaper way to eat/drink in English.

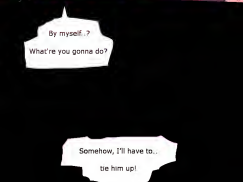
There's no other way...!

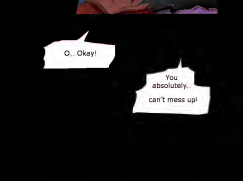
Listen up!
That guy might be aware of my existence!
You go on ahead without being noticed by Dumpilun and go do what we planned!



By myself...?
What're you gonna do?

Somehow, I'll have to...
tie him up!

That dangerous..



Hurry up and go before he notices!!

O.. Okay!
You absolutely.. can't mess up!

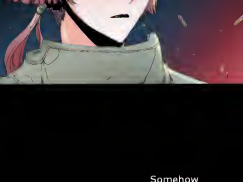
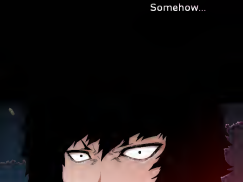
Damn!

We never could have predicted this...!





Somehow...

I have to make a last ditch attempt...

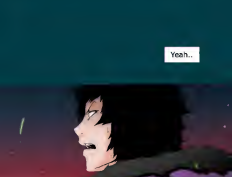
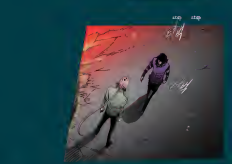
Is he not able to adjust because he forcibly shrank himself?



Now's the chance!

God's Virus...

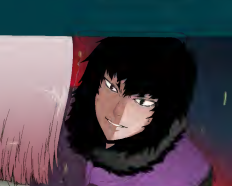


If it's Dumpilun's level, then you probably took measures to try to communicate, right?

No.. You have to do it!

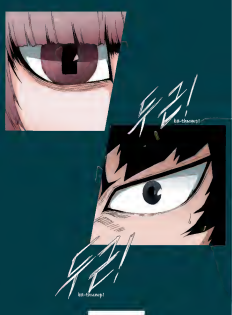
If communicating doesn't work, then I'm going to..

...die.



Please..

Understand what I'm saying..!



Please....

...?!!

Am I going to..

Die like this?!

You... why are you different.

..!!!

No.. I feel it!

This guy's thoughts!

Why do you have a human form even though you're a Trouble

And emanating the energy of a Trace?

He's interested in me..!

I might.. survive!!

I'm..
not a human, Trace, or Trouble.

I'm a remnant of something that's basically a clone of you guys.

Our clone?
A remnant?

Yeah... A remnant.
I can't really explain it clearly, but I was born like that.

In order to assist you guys here.

... ...

We didn't make you.

How can you prove those words.

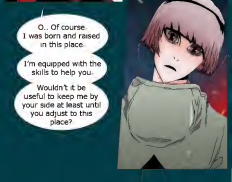
I know that you haven't been able to adjust to this place.

And subsequently haven't been able to use your abilities.

If I were an enemy, I would have taken advantage of that and attacked you.

But I'm not. Because I have to help you.

Even if your words are true, is it worth it for me to spare you?



O.. Of course.
I was born and raised in this place.

I'm equipped with the skills to help you.

Wouldn't it be useful to keep me by your side at least until you adjust to this place?

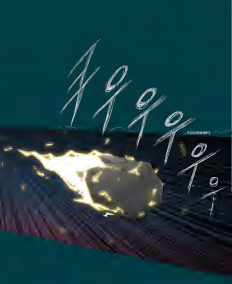
... ...

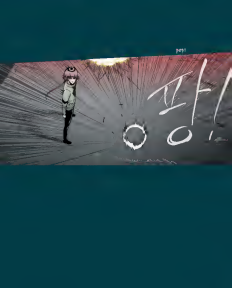
... ...

Stop asking questions..

And stop doubting..

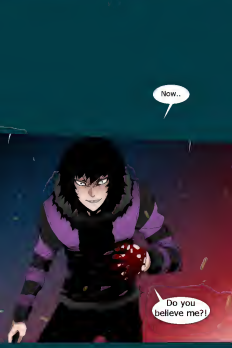
And just believe me!

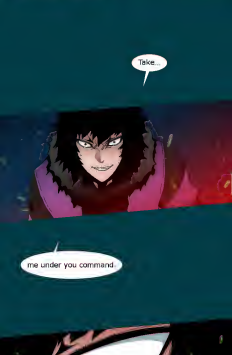




...Regardless, in front of this guy...

I can't save anyone!





I have to buy time at his side!

Even if it is successful, I probably can't do this for too long.

Explo! Explo!

Whac is this.
The city got blown away.

This is killer.

hehhh..

And this doesn't seem like a simple explosion~

Use the swallows and find the guy that did this~
Yeah.. Ye!

Heeeh..
If he sent a city flying, he might be on my side.
Another amusing thing has appeared. Heee.
Ah! Ahh!
Explode..!
Explo..! Explo!!
Yeah.
This was a dud. Do as you please.
heeheeheee~
N..Nooo!!
I told you we don't know! P..Please!!!
S..Save me!!!
Kuaaak~!!
ArmorLine.
As expected, it seems he's hiding behind the Beggar group~
Irritating.
YoonSung Kim...
This is an emergency newflash! Currently the entirety of Boochun's Sangdong region has been blown up from an unknown attack.
Therefore in order for the officials to determine the cause, a level 1 state of emergency has been declared.
I will repeat this again! The entirety of Boochun's Sangdong region, due to an unknown attack has been blown up.
What the hell's going on over there? All of Sangdong's been blown away?! Crazy~
Well... it has nothing to do with me. Right now, I have to take care of my own business.

HaeMa Bak! It's an emergency!
You... you're not...!
Sangdong got hit by a terrorist attack! Hurry and get the armor!!
Why me!!!
We have to save people!
I'm not the police! You bastard!
Hurry up and run!
It's dangerous, so stay at home! I'll go check it out myself!
Stop wasting your breath and just run! The neighboring area just got blown up and you want me to just sit still?! We have to save even just one more person!!
I don't have a good feeling about this!
TaeEun Han!!
Hey, GangGwon Sa!!
Feelings schmeelings, just wear your mask!

Uiyaaah!!!
Whoever it is, I won't let him go!!!!

Calm down, Miss!!

You'll collapse again from stress!

I'm gonna get rid of everything!

Rather than fighting, we need to be rescuing people, Miss!

Poong hyung*!!
I've arrived at the site of the explosion, but the blast area is too big!

I think we'll have to spread out for the rescue effort!

Got it!

Everyone spread out and help the people!

...Who could have made such a big explosion?!

DoRang is the first on the scene, but it seems that the situation isn't good!
Five Brothers and DongSoo oppa, you both need to go too!
Mm!
Jin has to stay here and guard the place because Chief isn't around! You know that!
Why is it always
when Boss isn't here that these kinds of things happen.
damn it
This doesn't feel right.

I'll believe that you're a trace of us. Since you're emitting an energy similar to ours.

However, I don't trust your intentions yet.

I suppose that will be made clear with time. My goal is the same as yours.

Eradicating humanity. Right?

Eradicating humanity.

It's close, but that's not our goal.

N... No way.

Then what's your goal..?!

I have no reason to tell you.

However if your words are true, since humanity's eradication is involved...

Then it's worth keeping you by my side.

Well..

I'm fine with that.

They have a different goal?

What..

.....

Shalbondo. Now that I'm here, I like it quite a lot. It's pleasant. Gravity is light.

But the thickness of the clothes Akimiee made isn't suitable for this place.

I need clothes suitable for this place.

Shalbondo?!

Is that the name you guys gave this place?

How did you guys find out about this place?

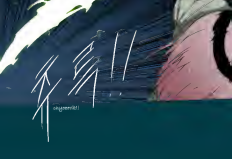
I'm risking my life anyway. Might as well find out as much as I can.

You're prying into me.
I...it's not prying.
I'm just curious about your world...
How could I not be curious about the person I've been waiting for...
Stop prying.
?!!
Argh!!! What the?!
Don't get so full of yourself that I spared your life. Killing you won't even take a second.
Speak only when I ask.
A... Alright... urgh...!
He's serious.
He really will kill me at any moment.
It's ground zero!
Unit 1, focus on rescue efforts.
Yes, sir! Understood!
!!!
Damn! Isn't this from a nuclear attack? What's with this explosion!
Military Trace?!
Of all places, why here!
They can't keep wasting the few Trace they have left!
Watch.
Cough!!

Cough!!

Huh..?!

What the?!



Argh!!

Graaah!!

Urgh!!

No..

He's the guy that blew my arm off.

When we find him, I'll kill him.

ArmorLine..?!
Found him!

We don't need anyone else!

Send all the sensor Trouble towards ArmorLine!

Let's go home and watch over him, babies.

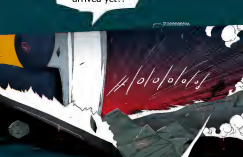
See where ArmorLine goes~

There another person over here! Help out!

Same over here! Deal with it yourself!

Mommy~!!

Has the rescue team even arrived yet?!



Poong hyung!

ArmorLine's here too! And now a lot of rescuers have arrived!

DoRang, then you check out the outside area!

We absolutely have to find out who did this!

Okay!

Oh my god! What's going on?! We nearly could have died~

That's what I'm saying! Did a gas plant explode?

Oh no Oh no~ Lots of people probably died~

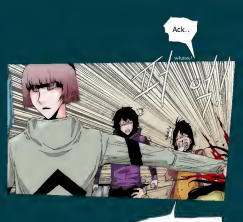
It doesn't really seem right to be selling stuff right now...

Ah..! Welco...

I'll give as much money as you want, so get out.

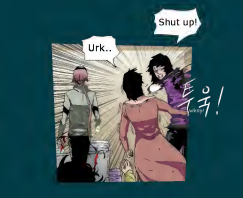
Excuse me?

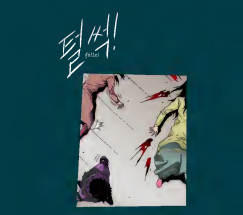
What are you talking...



Kyaaaaa!!!

Damn!!



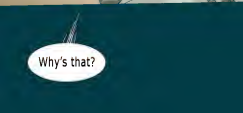


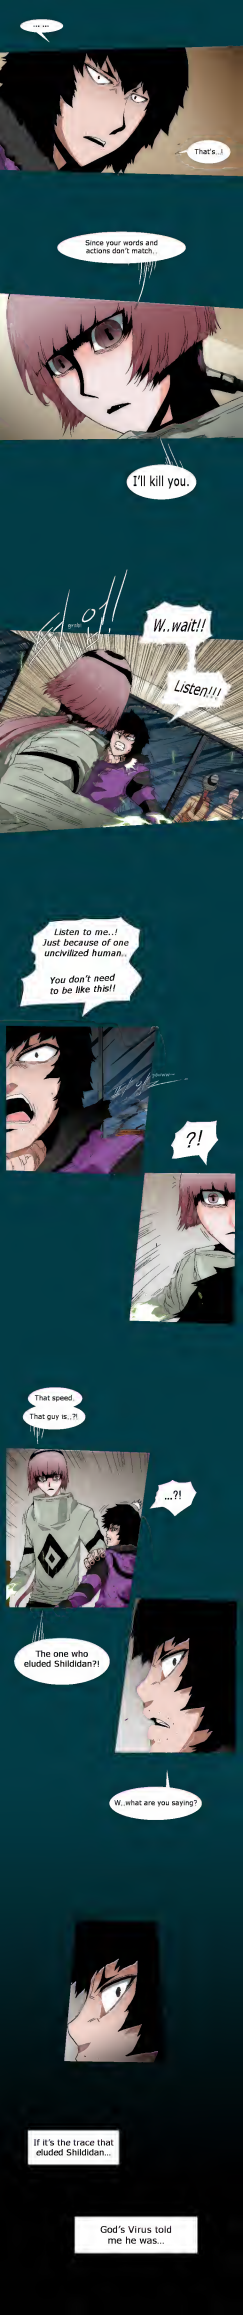
Humans aren't even at the level of an ant to him...

Dumpilun.

This bastard...!

Seems I need to look at even the cloth thickness.
So the air over there is different? Seeing that you're noticing even a cloth difference.
I told you, speak only to answer my questions.
No.. I..





...sss
That's...!
Since your words and actions don't match..
I'll kill you.

W..wait!!
Listen!!!
Listen to me..! Just because of one uncivilized human..
You don't need to be like this!!

That guy is..?!

The one who eluded Shilldan?!
W..what are you saying?
If it's the trace that eluded Shilldan..

Isn't he talking about DoRang Jin!

Someday he'll get in the way.

Even if he is at Shilidian's level of speed, someone who can manipulate space like you could catch him.

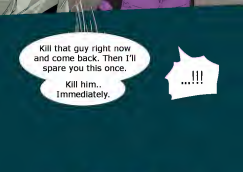
Kill that guy right now and come back. Then I'll spare you this once.

Kill him.. Immediately.

...!!!

Dumpliun..!

So you're not fast enough to catch DoRang Jin yourself?!



I'll kill him now and come back.

If it's DoRang Jin,

Then the Beggar Team is here for sure!

And if it's Chief then there's no way he'd just send his subordinates.

If that's the case then now's the chance!

We have to take the initiative before Dumplun adjusts to his smaller body!

If YoonSung Kim takes the lead and makes an all-out attack..

We might have a chance of winning..!

..!!

Over there!

Ah!!

...

Who are you?! How did you appear without me seeing you approach..?!

DoRang Jin..!

Huh? How do you know my name?

Give me one minute...! Listen up to my words!

grrrlk!

What?!

If you don't believe me..

We're all gonna die!

There's no way to contact him?! What do you mean!

Chief definitely said it'd be no big deal..?!

You know that Shangdong's been blown away, right?! It's not just us, but ArmorLine has been sent there too!

Chief has to be here for Jin to protect ArmorLine!

SooHyuk Kim

Are you giving troublesome jobs to YoonSung Kim again?

With the timing of this incident, it's regrettable for us too. We'll give you a call as soon as YoonSung Kim returns.

We can't wait until whenever! The Sangdong explosion isn't like a gas explosion! It's definitely from an attack! Don't you understand?

I am aware. After the military Trace deployment, depending on the situation, we, Hanjo, are set to be deployed as back up. For now, until the situation becomes clearer, there's nothing to do but to wai-

Ah..! Just a moment!

A call from the Sangdong area!

Yeah! DoRang! What's going on?!

It's an emergency!

What?!

A person named Pierrot said to tell you!

Dumpilun's here!!

W..What?!
Dumpilun?!!

...?!!
Ah!! Pierrot oppa?!
My..!

When you say Dumpilun..!
That right hand..?!

Please explain..!!

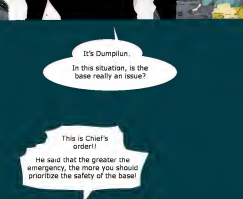
He said that Dumpilun came over the size of a small Trouble and since he's not at full strength, that now's the chance!
And though I'm don't know why, he said excluding me and Armorlina, we should make an all-out attack immediately!

If you say Dumpilun..!
Then he's at least at Nooshilitch's level!
Wait! It's HeeSub oppa!!
Oppa is here!!

HeeSub.. Jung..
This idiot, why..

Why didn't he first come here and..

If it's Dumpilun, that explains why Sangdong got blown away. This is no time for me to be here!
Wait! "When Chief isn't here, Jin stays and guards the base!" Did you forget?!

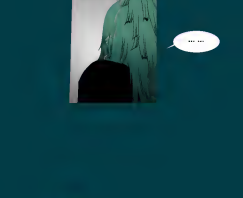


It's Dumpilun.
In this situation, is the base really an issue?

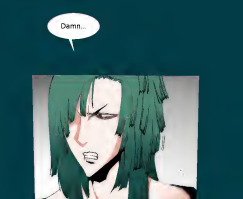
This is Chief's order!!
He said that the greater the emergency, the more you should prioritize the safety of the base!

... ...

What if someone breaks into the base when Poong or you aren't here?
What about those kids who don't know anything waiting in the living room



What are you going to do if anything happens to even one of them!



... ...

Damn..

Then what about MiRi Che who went out to fight?
Isn't MiRi a kid?!

We will go to the Sangdong area in place of YoonSung Kim and Jin.
?!
SooHyuk Kim. You, personally?

If it really is Dumpilun, then the military Trace and Hanjo's special force Trace would just be throwing their lives away. We have to take action rather than just watching and waiting for the situation.
Plus..
Since I have a promise with YoonSung Kim.

There is reason for me to protect the Beggar group.

O..Okay.
Then, I leave it to you!
Let's go.
Do we not need to notify the higher-ups?
It's no use. You know that Hanjo's influence isn't like it was before.
Good... You all heard, right! If it's Dumpilun, the fight's going to be as dangerous as it was with Nooshilitah!
Soohyuk Kim will be going instead of Chief! You absolutely can't die!! Not a single one of you!!!
And..
This time, bring that idiot, HeeSub Jung, back!
Without fail!

Good... You all heard, right!

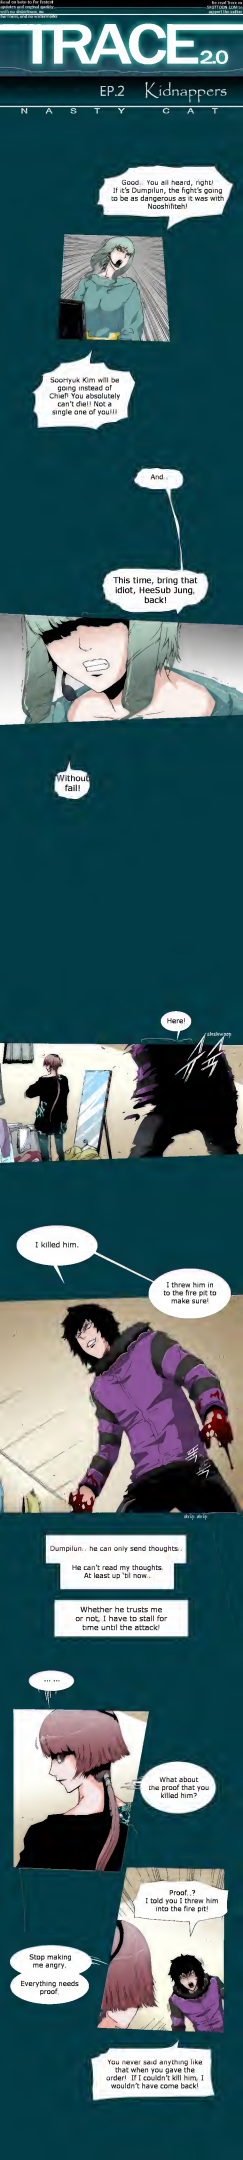
Soortyuk Kim will be going instead of Chief! You absolutely can't die!! Not a single one of you!!!
And...
This time, bring that idiot, HeeSub Jung, back!
Without fail!!

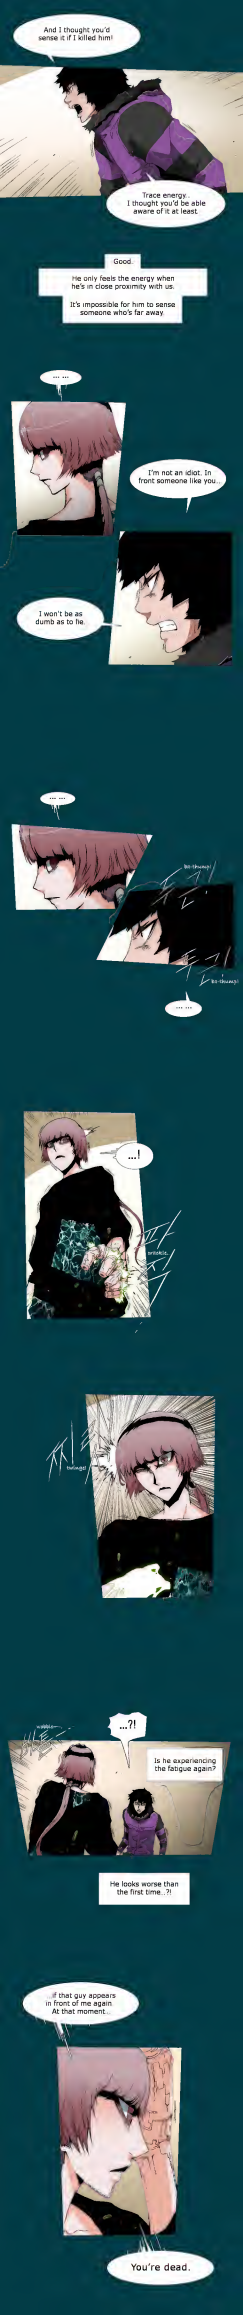
Dumpilun... he can only send thoughts...

He can't read my thoughts. At least up 'til now...

Whether he trusts me or not, I have to stall for time until the attack!



... ...
What about the proof that you killed him?
Proof..?
I told you I threw him into the fire pit!
Stop making me angry.
Everything needs proof.
You never said anything like that when you gave the order! If I couldn't kill him, I wouldn't have come back!



And I thought you'd sense it if I killed him!
Trace energy... I thought you'd be able aware of it at least.
Good.
He only feels the energy when he's in close proximity with us.
It's impossible for him to sense someone who's far away.
... ...
I'm not an idiot. In front someone like you...
I won't be as dumb as to lie.
... ...
Tri-thump!
Tri-thump!
... ...
...!
Tri-thump!
...?!
Is he experiencing the fatigue again?
He looks worse than the first time...?!
If that guy appears in front of me again. At that moment...
You're dead.

There's no way that'll happen.

He's probably more comfortable using me with his body being so unstable..

The state of his body is currently saving my life.

For now, change out of those awful clothes.

This is such a terrible hand! If it's Dumpilun, I'm telling you it's the same as playing with a rigged dealer!! We don't even have YoonSung Kim... It's like rushing in without even money for a wager!

Shut up and roll down the windows on that side! I feel like I'm going to my execution too!

Damn! I was supposed to use up all the money I've saved before I die..!

DoGyoon Kim! At least if you just send your clones, you're not going to die! I only have one body!

That's why you're only going up to the walkway to do surveillance!

A guy who only does surveillance whimpering..

Fuck..! Dumpilun..

Please just go back..!

Are you guys all ready?

Yeah! Oppa! I'll punch him straight to the stairs! That Dumpilun!!

But why can't I fight? Isn't this a situation in which I have to fight?

I didn't get a clear explanation, but he said that just in case. ArmorLine and I can't be seen by Dumpilun!

If Pierrot said that, it's better to listen to him for now.

ArmorLine, DoRang Jin, be on standby from afar.

... ...

Understood.

Depending on the situation we'll try to be flexible in our movements.

And...

Let's make it so BlackLine replaces my fighting power.

What?! Why me?!! Don't assign people according to this son of a bitch!!!

Understood.

Oi! I'm not doing it!!

Then since we don't have time, I'll make a rough draft of our strategy!

This place is what DoRang told us is Dumpilun's anticipated position.

DaGyoon Kim's clones are on standby spaced out in a 500m radius from Dumpilun's position.

DongSoo Kang is on surveillance 1km towards the downtown area.

Though currently we can't search for Dumpilun since we don't know his appearance.

If something with an appearance that could be Dumpilun is detected, there will be a signal.

But why didn't Pierrot oppa come and tell us instead of sending a massage?! We could fight together!!!

There's probably a reason that he couldn't say. Miss.

Since Pierrot emphasized the attack, finding the target is most important.

One person will go the center where Dumpilun is and confirm the target.

And everyone else surrounding will slowly press towards the center.

And when we finally see Dumpilun, we'll make our all-out attack.

You should all know Dumpilun's strength...
But we can fight him with our numbers.
If we can time it so we find Dumpilun when Soohyuk Kim arrives. We might have a chance of winning.
Since Soohyuk Kim will also be bringing skilled heavyweights
Then the role of bait to find Dumpilun's actual body is most important.
In any case, since it's the most dangerous role...
That role... will be assigned to BlackLine...
Yes. That sounds good.
……
I'm not doin' it!!! Stop assigning things without my input! I don't even know you guys!! Randomly giving me a name like BlackLine or whatever!!
I'm leaving!!
Haa...
Then I guess we'll have to give the job of bait to MiRi Cha...
I'm sorry, MiRi..
No!! It's fine!! I'll do it! Bait!!
And I know that I'm the only one that can be the tank!
You're dead meat, Dumpilun! You'll be killed by the bait!
Ever since the time at Han River, it ain't just one or two people who've died!! You baddie!!
……

Argh~! I got it. I got it!! I can just do it!!! You cold bastards! You'd send a little girl instead?!
Ah!! Why!! Why?! I'm gonna do it!!
It'd be fun to be the bait!!!
Fun, my ass! I'll do it! Me!
What! There?! I just go there, right?!
Since this doesn't involve just us but rather everyone's lives, I'm counting on you.
Everyone head out to your assigned location!
Since I'll be in charge of the area above.
We'll start when you all reach your locations
Keep this in mind.
With Dumpilun currently not at full power, this could be our last chance!
All the clones are ready!
This... is beyond crazy!
Fuck! What the hell am I doing!
Hmph! I'm going to send Dumpilun flying and bring Pierrot oppa back!
BlackLine.
Begin the manhunt!

I...
I want to help too...!!

Kid...

You're already helping.

I'll also be ready to run out at a moment's notice, so in the one in a million chance that something happens to them.

You'll be running to them.

I'm certainly not telling you to run away.

Yes, sir!

I understand you completely! I'll definitely be ready!

Yeah...

Mhmm~

Yeah?

What are they all doing~?

Makes me curious.

Tell the swallows that they absolutely can't lose him.

Armor!
Ar..mor!

Because Armor Line's weapons are for our babies~

This is an emergency! We request that you evacuate in orderly manner! For those with children please take extra care so your children do not become agitated!

I repeat! Please evacuate quickly and calmly!

Mommy~ is there a war? I'm scared, Mommy!

It's okay. Don't cry~

What happened?

That was a close call for us~

Well... It seems the evacuation is mostly complete.

Dumpilun or whatever..

Why'd he have to cross over again

So according to the Beggar group..

Dumpilun's that monster level guy who appeared before on the Day of Peace,

And he's supposed to be this super big monster, but he shrank himself and crossed over, right?

And my role is to find him in his smaller state, signal the party, and fight at the front lines.

But...

Why do I have to do this?

What's it matter to me..?

Oh, right.

I said I'd do it because of that kid, MiRi Cha or whatever.

Oh yeah.

But why me?

Even if it's me, if I get smacked by a guy like that, I'd probably die...

Yeah. This is all because of that bastard SumGi Suh! Get a grip, HaeMa Baki!

None of this involves you! I... Let's go back! Home!!

It's not too late!!

Let's go!!

... ...

Huh..?
Over here it's hard to secure a clear view due to the smoke!
Whoooosh!
Whoooosh!!
DongSoo Kang! Do you see anything?
The people have mostly evacuated, so I could just look to the center to see the remaining people
But I haven't seen a monster that could be Dumpilun!
Then what about BlackLine's area?
It's hard to even see all of my area!
If he finds him, he'll probably give us the signal on his own!
Wait.
This is strange
A face that I can't tell is a man or woman
A gross look in the eyes
That hand
That light!
Maybe

...Dumpilun?

And not YoonSung Kim?!!!

These idiots!!!!

If it's not YoonSung Kim, we can't even get started!

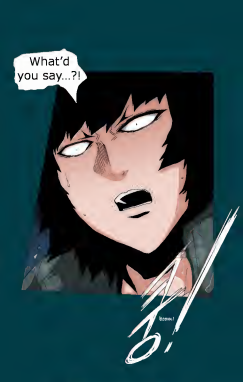
It's a Trace.

Kill him.

I know.

At least while I'm buying time with this guy!! If they can make an all-out attack with YoonSung Kim!!

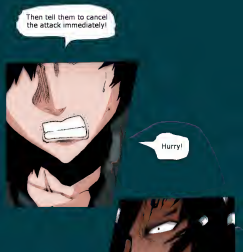
whoosh
The signal!! Everyone attack!
Eiiiyaaaah!! We found him!!
Boom!
Boom!
Boom!
Please let's end quickly!
I've confirmed the location!
Oh... wait. But right now HaeMa is..
HeeSub?
He's fighting HeeSub Jang!!
Fuck!!
Y..You!!!
clang!
clang!
Urp...?!!
grab
Be quiet!
Speak carelessly and you and I are going to get killed by Dumpilun!
Talk so he doesn't notice!
Why isn't YoonSung Kim the one leading the all-out attack?!
Y.. YoonSung Kim?!
YoonSung Kim isn't here!
I was just told to lead it!

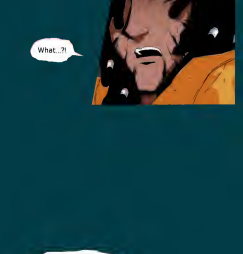


YoonSung Kim isn't here...

Damn it all...!

It's my mistake to assume that YoonSung Kim would be here...!





Without YoonSung Kim, it's useless no matter the numbers!

Before they die a dog's death...!

That's Dumpilun?!!

Eiyah!

I'll blow you away!!

Wait!
Should I fight as well?

N..No!
Then I can't prepare for later!

Then..
I should pretend to fight and slip out of Dumplilun's sight and come back when the fight ends..!

Yeah..
If the first attack is going to fail anyway, for the sake of the next attack..

I have to stay by this guy's side!

But in the latter case, Since DoGyoon is probably a clone..

At the very least, Poong and MiRi Cha could die.

No..
They likely will die.

Iyaaah!!

Damn!!

The longer I take to decide, the more uncertain things become!

Shoot!!

What?!

Shoot the wall!!

...?!!!

Argh!!
What are you doing! Don't we have to fight the guy?!
Enough blabbing, and just wait!
Let's think about this! What would be the best way...
Should I at least save MiRi and run away!
Don't cling to unimportant deaths.
We just have to see the big picture.
That's all you have to protect.

M.. MiRi's a kid I dragged in from the beginning!!
There's no way it'd be an unimportant death!!

But..
for the bigger picture...

Damn!! Damn!!! Damn!!!

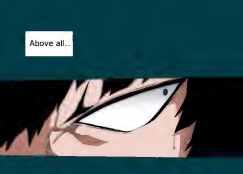
I lost consciousness fighting the black guy..!
... ...
Sorry I'm late.

He barely dodged that.
And I could have watched Dumpilun getting pissed..
In any case, seeing he's already made a subordinate..
The way he plays being the leader remains unchanged.
But.. the question is whether he's trustworthy.

It failed..!
Avoiding my full power attack..!!
...!!!
Ahahahaha!!!

Is that Pierrot? Why did he help Dumpilun?
Did he trick us?!

Sooryuk Kim..
You probably wanted to end it in one shot, but an attack of that level won't work.



It's better to use this chance to win his trust!

Above all..

There's someone who's been watching us for a while! It could be a big factor depending on who it is..!

Secretary Ha. Retreat with the wounded. And do not return.
What about you, Director..?!

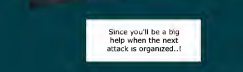
Don't worry about me.

Well.. in this situation, retreating is probably impossible.
At least so that there aren't any more casualties...

The first attack has failed.
Run away, SooHyuk Kim..!

Since you'll be a big help when the next attack is organized..!

That guy..
Kill him.
..!!
파직
파직!



I.. I'm also in bad shape from fighting that guy earlier. And it seems like you're the same..
Wouldn't it be better to straighten out your body..

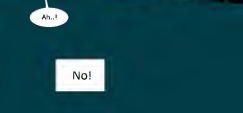
He'll probably want to kill me ...
However, I have no choice but to take a gamble..!

For you..

Once your body is better, it's no big deal to find and kill guys like that.

Though..
He probably won't listen to me..

He.. acknowledged me?!



No!

Good..!
This level of damage is okay!

Though I don't know if we can do a second attack before he adjusts...

The person who was watching us!

As expected, on Dumpilun side..?

A little bit ago when your hand was blown off, it made you think you could just come over

Stupidly...

Isn't it time for you to start thinking a little?

You shut up.

I don't even want to hear it.

Archive..? Rakkem?!

It's a name that God's Virus hasn't even heard of..!

An unknown entity after Dumpilun...

Damn it all!!!

If she can speak equally with Dumpilun...

Then also power at Dumpilun's level?!

Is this your subordinate?

I saw him helping you, but is he trustworthy?

I haven't even gotten Dumpilun's trust..!

NASTY GAT

For wording/translation significance later in the ch:
If you know romance languages, bear with it. I'm using Spanish's point of view, (French's would work too, Portuguese's would work too, Italian's would work too, but Spanish's is the easiest.)
Remember, I will always speak more complex in Spanish than English. For most romance languages/countries you could be speaking of a higher status (brother/girl, superior/inferior, king/it, I specifically don't respect Spanish because, that's SO, all strangers get this name, bank owners should use Usted/this). If you are based from someone who doesn't, more formal or formal, it seems either very strange or like your distance to you or off the chart informal.
Commonly, if you don't use Usted/this when you should, it's very calm. Informal language can be used by the author to make a character seem more relaxed, or to show that they're close to the other character. Usted/this can be used to show that someone is angry and pissed (a.k.a. using Usted/this, it's usually out that this guy(s) is in higher position than you or just.
I've tried to show the difference in English by using more casual/colloquial language vs more formal/proper language.

Is this your subordinate?

I saw him helping you, but is he trustworthy?

I haven't even gotten Dumpilun's trust..!

I don't care if you trust him or not.

...!

This is mine, so don't concern yourself.

... ...

What..?

Naïve nonsense again.

As strong as you are, you're too careless. You easily trust and easily discard people.

I used to think that part of you was cool, but if you live like that over here, it'll be your neck flying off.

Just like your right hand.

Your nagging got worse.

I wonder if I should just kill you.

Calm down

And think about how you carelessly came over with no preparation.

Then should I just sit around after having my arm blown off?

It's your fault for shoving your hand through the door just because it was open. Think a little.

... ...

God's Virus and I planned together to open the door.

So not it's an auto summon.. Does that mean Dumpilun might not have put his hand through if he hadn't felt like it?

But more than that, their conversation is too simple.

Is the Trouble world's society that similar to society here?

Just what is their relationship?

I don't need to think or whatever.

'Cause I've already come up with a new plan.

So persistent.

Fine, say it. What do you want to do.

What the Idiot, Nooshiliteh, couldn't do.

I'm going to conquer Shalbondo.

Boom!

What?

Conquer...?

So not going after ArmorLine..?

Don't talk nonsense.

We don't know the after effects of a shrunken body.

Just kill the guy you want and go back.

Don't order me.

The amusement I just had clearly showed that we've been overestimating these guys.

... ...

Even if it's a shrunken body, if I can just adjust to it, taking over Shalbondo will be no big deal.

It's no bluff..

If Dumpilun adjusts to his body, even if YoonSung Kim went up against him, killing him might be impossible!

And YoonSung Kim's absence might mean that there's something wrong..

This is the worst situation.

You're crazy.

Saying you'll conquer Shalbondo by yourself. We were supposed to send you before Nooshiltseh..

You should've died instead.

Shut up and piss off unless you want to die. Just do your record keeping.

Since you came over, I have no choice but to keep records of you.

Because I have report to Ekpim* all the dumb shit you're going to do.

*TN: Monster Legion

Yeah? I guess so.

It's probably good to let them know of my achievements. As long as you don't get in my way, I don't care if you keep records or not; do whatever you want.

Archive.. records, reporting, Ekpim..?!

Then this person is responsible for keeping records on this place and reporting back?

If that's the case, then this person is as important as Dumpilun..

Rakkem.

I don't want to talk to you anymore.

...!

bump!

Let's go.

Take me somewhere I can rest.

O..Okay..

subor-
dinate.

What's your name?

Me..

Just call me Pierrot.

..!!

Pierrot.

Dumpillun might not understand the implications of informal language, but I'm different.

Use honorifics*.

파아아앗~

*TN: As a foreign-raised Dumpillun who's not a native speaker, he doesn't understand the implications of informal language, but he knows honorifics which seem extremely important to Rabbit-centaurs. If Pierrot addresses Dumpillun's pet name using informal language, the whole thing

U..

Understood...

And don't be mistaken just because Dumpillun approves of you.

I'm just letting you stay next to him because I want to know what your underlying motive is.

T..There's nothing like..

Honorifics.

There is no..

underlying motive.

... ...

툭!

Enough, go show us the way.

Urk...!

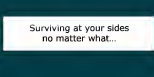
Rakkem..
I told you not to touch my things.
I'll kill you.

Really, being in Shalltondo with you is..
Like hell.
What's hell..

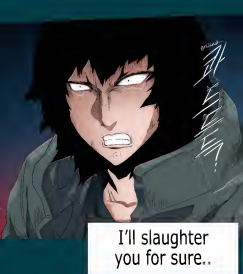
Did you even look at the records I sent back?

I'll definitely...

pay you back for this humiliation...



Surviving at your sides no matter what...



I'll slaughter you for sure..

Hanjo's affiliate doctors administered treatment. Of course we made sure to keep your identities a secret. They said due to the depth of the wound, recovery would take a while.

Even HaeMa's body couldn't withstand it.

The bleeding was worse because he kept yelling as I was taking him to get treatment.

... ...

I..
reside him
hurt again.

It's good that MIR's injury wasn't severe.

Actually.

Miss was different this time.

Normally, no matter how much she's injured, she's never scared of anything.

But in the fight with Dumpilun...

She was definitely trembling.

The strong Miss...

As I thought. I should've gone.

Dumpilun appeared so suddenly.

When did they ever come announced?

HeeSub Jung.

Was... HeeSub Jung really helping Dumpilun..?

Yes.

I don't know why, but he definitely was helping Dumpilun.

That dummy.

What mess has he gotten into now.

We could think of it in different ways. Since he hasn't shown up in a while.

He could've switched to the Trouble's side

There's no way! There has to be another reason!

Yeah...

Or he could be working as a spy at Dumpilun's side.

But, hey!

Rather than being like this by ourselves, shouldn't we hurry up and find Chief?!

Yes. Director Sookyuk Kim.

Please explain where YoonSung Kim is.

That.

I can't say in detail due to the situation being highly confidential.

But I believe we will hear back soon.

I keep saying this, but I still don't trust Hanjo.

Don't use YoonSung Kim so much.

YoonSung Kim and Hanjo are cooperating.

It's more personal than you think.

Don't make me laugh. Is it actually confidential if Dumpilun's appearance makes you bring up this personal stuff?

Calm down.

Calm down..?!

Director!

Don't move.

Secretary Ha

Listen up.

If MiRi had gotten more hurt or died, I would've killed you first.

Hand over YoonSung Kim, now.

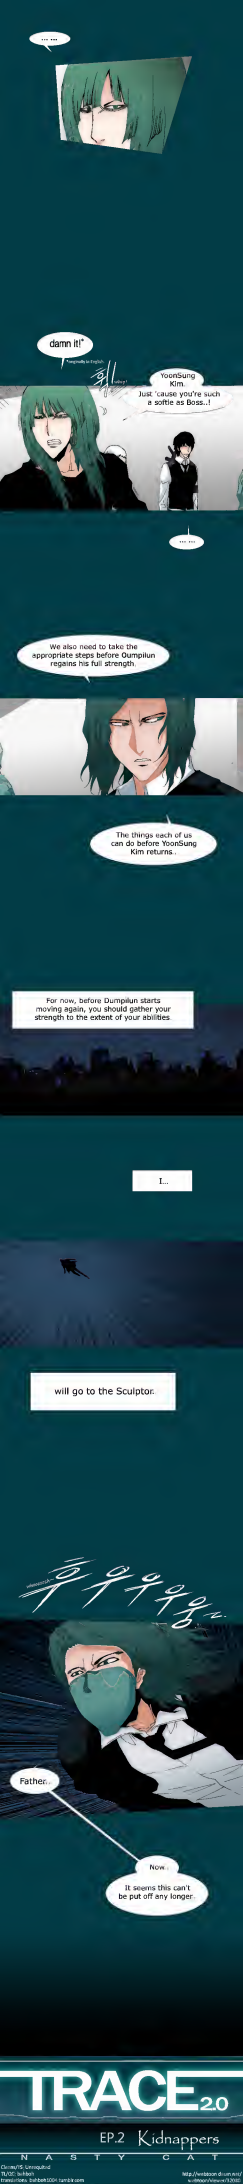
... ...

Anyway it seems the bond between the Beggar group and Hanjo..

No, between YoonSung Kim and me will take some time to prove.

I understand.

I will try to take the appropriate steps so that YoonSung Kim can return as quickly as possible.



... ...
damn it!
(originally in English)
Today!
YoonSung Kim.
Just 'cause you're such a softie as Boss..!
... ...
We also need to take the appropriate steps before Dumpilun regains his full strength.
The things each of us can do before YoonSung Kim returns..
For now, before Dumpilun starts moving again, you should gather your strength to the extent of your abilities.
I..
will go to the Sculptor.
Father.
Now..
It seems this can't be put off any longer.

Though I didn't find the one who blew up Sangdong~

If he's on my side, one day I'll probably meet him.

Killd.. nap.

Armor.. Line.

Kid.. nap..

Yeah yeah~

First we'll kidnap ArmorLine and then give our babies a weapons factory.

And then..

We'll start with blowing away the irritating Beggar group.

Since they were the ones to turn down the deal. They deserve to die.

Beggar YoonSung Kim.

As the casualties of the recent Sangdong explosion approach tens of thousands, aid organizations worldwide are giving their assistance in the restoration.

Currently, in order to discover the cause, the government is mobilizing each institution* to investigate and is inquiring about the Trace that were there at the time.

*Yes, the, none-con- ventionals, of the said CoE.

God, I'm so pissed off! What's the government doing! They need to hurry up and find the culprit! If another explosion like that happens.

Calm down. Mr. YoonSung Kim is probably looking for him. Maybe.

Don't just "maybe," try to contact him! There might be something we can do to help!

No.

He told us to act like normal civilians until we receive word from them.

That's just because Mr. Beggar thinks we're just kids!

If DoKang Jin participates in the Beggar group, why can't we?!

There's probably another reason.

For now, let's just wait.

Argh! So irritated!! GangGwon Sah, let me hit you a little!

I believe in Mr. YoonSung.

We should do as he tells us.

Why do you like Mr. Beggar so much!

He's strong.

...?!!

Get back, TaeEun!!

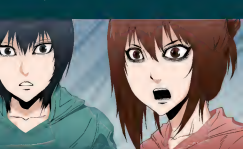
What the..?!

Trouble?!

GangGwon Sah..

TaeEun Han..

Y.. You're..



SaeYun Jang...?!

Long time no see.

I'm sorry I haven't visited often.

How is your health?

What's there to get sick from if I just play hooky all day.

No matter how much Hanjo surveillance you're under, if you just talk to Soohyuk Kim, you could come to the city.
Isn't it lonely living in the mountain alone?
What do you mean alone.
Isn't that guy, the porter, a person?
Nowadays I drink and play Go with him.
I don't know about him, but I'm not lonely.
... ...
I should be by your side...
I'm sorry.
Have you ever seen gnats staying in one place? You should fly wherever you please.
... ...
I don't even want you trying to stuff yourself next to me.
slice~
Anyway, tell me what you want.
There's no way that you came here for nothing.
Father.
After the Day of Unity and Peace, now an even Bigger issue is brewing
Now...
I don't think we can delay the sculpting.
... ...
Father, I know you said it's hard to see your own child suffering.
But if we can't stop this... It won't end with just suffering.
My team and I...
As well as countless other people will lose their lives.
No matter the cost.
Are you saying you want to be sculpted by me?

Yes.
For your sake too, Father, you need to sculpt me.
This enemy is so strong that even after being sculpted, I might not come back alive.
Sculpting isn't that simple.
If either the suffering is too terrible or the sculpting doesn't turn out well, you could die before it's done.
And even if the sculpting is completed, the aftereffects could make you live a life of suffering.
Father.
I already know all that.
I know even without the explanation.
... ...
... ...
Fine.
I understand.
Then..
Come back tomorrow.
What?
This could be it.
If there are people you need to see in your final moments, go see them and come back.
Father..
I'll be preparing.
Come back by lunch tomorrow.
Yes.
Thank you. Father.

Then..

I'll come back tomorrow

... ...

I'm sorry for making you carry such a heavy burden on your heart.

Father.

... ...

You and I...

Why did we have to be born as Trace and be put through trials like this.

Even if you say that..

How can you tell a father to cut the flesh and bones of his own child.

What parent..
would give their kid power so that he can risk his life fighting.
You insolent brat..

I only kept you till you were filled because you're a good container for my Tenacity*.
*Traits being dirt or "Guilt-ridden"
I won't get involved in your life anymore. No. Maybe I should say soon I can't involve myself.

You became my container because you're the same type as me.
It's enough that our thinking is similar. Because I don't think all my choices were right.

YoonSung Kim and me...
So you've shared it between us.
Yeah.
You are my Tenacity.
YoonSung Kim is my Doubt.
Just as you've done till now, keep walking down the path that I've thought is correct.
What should I do if I come to think that this path is wrong?
Even so, don't stop in the Tenacity.
Since YoonSung Kim will be walking the other path.

An answer we can withstand.
For now, does an answer where I survive among these guys...

..actually exist.

This doesn't taste good either.

P..Please don't kill me... I'll bring something else..

Please..

Pierrot.

Mm..

Just how many have I killed.

Though if I wasn't here, this guy'd probably kill even more..

Even if that is the case, it doesn't make me feel any better.

I'm sorry.

Right now it can't be helped.

Keep eating.

You keep eating.

Although it took me over a year to adapt, in terms of just necessary nutrition, the food is better here.

I feel like I'm going to puke.
The nutrition is better?
That means it's possible for long term living here.
Though..
I guess Rakkem seems to have been here for a while..
Since when has she been here?
Even if you want to puke, keep eating.
Shallonda's a place with lots of rare and precious food. You'll probably enjoy it later
Shut up and find a way for me to adapt to my body. Isn't there any useful info in your records?
There is one way to stabilize your body
The Trouble of this place. In other words small 'Mek'. If you get injected with their blood on a regular basis, it'll work.
The blood of those worthless things?!
Isn't it funny?
That those lowly things are maintaining the most stable biorhythm
The smaller they are and also the ones originally female, the better the effects.
Did you get injections of the small Mek's blood too?
I've had 6 of them in the past 3 days.
If it's you, you'll probably need to have 30 of them in the next 5 days.
The small Mek production cycle hasn't returned yet. Other than the ones that already came over, wouldn't it be impossible to do the special summons?
... ...
Mek?
They call Trouble Mek.
So Trouble have a set production cycle.
So that's why there was Trouble latent period.
Yeah. You probably need to catch the Mek that are already here.
But strangely I don't sense any Mek in my range.
And there's no reason for them to live together

What about medium Mek? If we just find the Mek's rock, we can summon them.

It only works with small Mek, you blockhead.

The Mek's rock? That's probably the summoning stone for the medium and large Trouble.

I'll definitely learn a lot if I stay with these two...

Then...

Since you already adapted, give me your blood.

God, really. I should just kill you.

How the hell would you kill me.

..!!

Wait..!

와 앗!

Aaap!

What is it?

Just now I sensed two small Mek pass by at the edge of my range.

Yeah?

Then we need to hurry up and catch them.

...!!

No matter how difficult the sculpting is.

I absolutely can't die!

A single Trouble?!

You're saying a Trouble destroyed Sangdong by itself?!

Yes. Its power was on a completely different scale from the previous one.

Oh no..! Then doesn't that mean he can attack again at any time!

Have you at least taken any countermeasures?

We are currently setting up countermeasures with the most elite agents.

Director SooHyuk Kim!

In the meantime what sort of support should we provide?

Please deem the enemy Trouble as code name Wolf, and order each agency to send their combat forces to the disaster site to work on the restoration efforts.

Combat forces to the restoration of the disaster site? Don't we need to send as many people as possible to fight?

Unless they are at least S grade combatants, they will only be a hindrance.

Please tell them to flee immediately if they encounter Wolf.

Dame it all! Just what kind of guy is he..!

For now, it will be good to view this as a bigger emergency than what happened on the Day of Harmony and Peace.

H.. How could that be..

Also, please entrust all the authority of the Wolf clean-up operation to me.

That way we can reduce meaningless sacrifices.

All right. Seeing how Sangdong got destroyed, other agencies won't be able to run in so easily. I'll leave it all to you.

Thank you.

Hanjo.

Know that complete control will be impossible even if it is a government secret agency.

There are likely many things happening that even the government doesn't know about.

That is.

I'm not criticizing you!

In this day and age, it's impossible for the government control everything.

We haven't done anything up till now since we trust Hanjo.

... ...

Whatever tests you do, whatever scheming you do behind the government's back.

Just do it to uphold this country

The attack on Sangdong was a metropolitan area. If by chance it continues to the seat of the government, this country's finished!

Stop him by whatever means!

Yes. Understood.

So the government seems to have anticipated this to some degree.

An informant has infiltrated the ranks of Hanja.

Shall I root him out?

We're fine for now. Right now we need to focus on capturing Dumpliun.

Because it's over if we don't find him.

So YoonSung Kim.

Around when.

He should be returning around now.

If it's YoonSung Kim, he'll also definitely bring your little sister back. Safely.

Hm. I see.

Just wait a little more and stay strong.

She'll definitely come back

The wellbeing of my sister and my work are separate issues

Don't worry.

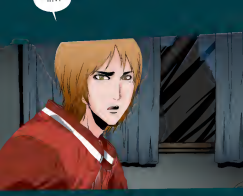
삐리리링~
삐리리링~
Yes.
Mr. Soonyuk. Have you been able to contact Chief?
No, not yet..
Then could you help us?
Right now there is a request to secure the weaponry from ArmorLine!
What?
When ArmorLine's weaponry are created, Jin was supposed to secure them and provide protection to BumGi, but since even Poong isn't here...
Jin has to stay here!
Understood.
I will go to him.
삐익!
OoJung Ha
Turn around towards Paju City
끼이이이익!
Understood.
The weaponry this time.
Were my prayers not enough..?
... ...
And the nuke is already charged..

Whoosh...

If Dumpiun's body was big like last time.

It'd be easy to take a shot at him with the nuke...
But isn't there another way..?!

Sound of footsteps



...?!

They're here...
Already?
